Congressman Jerry McNerney, D-Stockton, will hold a workshop to help veterans access the newly-created Veterans Retraining Assistance Program on Monday.

VRAP offers eligible, unemployed veterans up to 12 months of career retraining. Approximately 45,000 veterans will be included in this program, and the deadline to register for retraining assistance is Sept. 30.

Representatives from the Department of Veterans Affairs, San Joaquin County Veterans Service Office, and California Employment Development Department will be on hand to provide information about the program and assist veterans who want to register for VRAP.

The workshop will be held from 9 a.m. to 12 p.m. at the E-Services Computer Labs, DeRicco Student Service Bldg., San Joaquin Delta College, 5151 Pacific Ave., Stockton.
